

MASTER BODY

MASTER BODY is proud to announce a new form of command unit. Built to exceed the limits of the standard SUV, **The COMMANDER** furnishes you with a truly multifunctional, mobile command/communication vehicle which provides an abundance of organized storage space.

Take a closer look and you'll see that the possibilities are endless. Move forward and meet the challenge! Move into a **COMMANDER!** Large compartments provide easy access, smart storage, and multiple work stations.

The "**NEW AND FUTURE GENERATION**" Command Vehicle

Application: WMD - Tactical Response - Incident Command - Homeland Security - EMS Command - Interoperability

Communication: Cable raceways provide for all your communication needs. When your needs change, there are no structural modifications required.

Flexibility: Mapping Stations - Pullout Drawers - Lighted Compartments

Security: Steel Construction - Remote Locks - Double Panel Doors

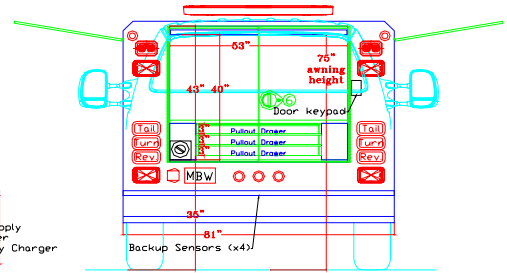

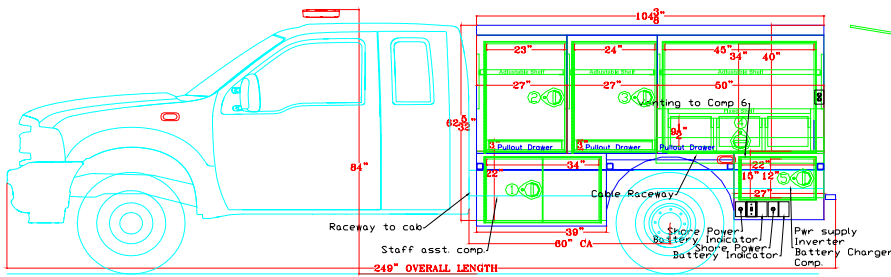

Storage: Spacious compartments on left right and rear of the unit.

When making a decision to purchase a new Command Vehicle... Make the call!
Build your fleet with quality...build it **MASTERfully!!!**
